Services and terms of delivery:

On demand we contract for delivery of machines, machine lines completed with

- local installation, mounting,
- settlement, adjustment, test production,
- training of operator staff to handling of machinery,
- transmission of know-how, technological consultancy, training and permanent supervision.

We are ready to review, repair, renew and modernise of machines produced by our company, eventually with renting exchange machine, as well.

Manufacturer's Guarantee is valid for 12 months from the day of settling into operation, but not for longer than 15 months from delivery of goods.

Payment conditions: Transfer of advance payment, 50% of contractual value (reception of advance payment puts contract into force), remaining 50% should be transferred after Seller's readiness report and presentation of machinery at Manufacturer's factory, but before transportation of goods.

Delivery deadline in case of LINEPACK® packaging machines is 120 days, in case of processing machine lines and complete machinery lines is between 180-210 days.
